

ASSIGNMENT – 01

STUDENT ADMISSION ENQUIRY FORM USING ZOHO CREATOR

AIM

To design and create a Student Admission Enquiry Form using Zoho Creator with all the required Basic Fields for capturing student personal details, contact information, academic interests, counselling preferences, and consent.

OBJECTIVE

To create a functional Student Admission Enquiry Form in Zoho Creator using all 13 Basic Field types provided in the Form Builder.

The screenshot displays the Zoho Creator form builder interface for a form titled "Student Admission Enquiry". The interface is divided into several sections:

- Basic Fields:** A sidebar on the left lists 13 field types: Name, Email, Address, Phone, Single Line, Multi Line, Number, Date, Time, Drop Down, Radio, Multi Select, Checkbox, and Decision.
- Form Builder:** The central area shows a sequence of fields added to the form: Name (with a red asterisk), Email (with a red asterisk), Phone (with a red asterisk), Address, Guardian Name, "123 Class XII Percentage", Date of Birth, Preferred Counselling Time, Preferred Course, Gender, Areas of Interest, Additional Remarks, and a checkbox for "I agree to the Terms & Privacy Policy".
- Field Properties:** A panel on the right for the selected "Name" field. It includes:
 - Field name:** Student_Name
 - Field link name:** Student_Name
 - Validation:** A checked "Mandatory" checkbox.
 - Display Fields:** Checkboxes for "Prefix", "First Name" (checked), "Last Name" (checked), and "Suffix".
 - Data Privacy:** An unchecked "Contains personal data" checkbox.
 - Default value:** A dropdown menu currently set to "- None -".
 - Tooltip:** An empty text box.

The bottom of the interface shows a status bar with "Trial expires in 4 days", an "Upgrade" button, and a "Help" button.

The image displays two screenshots of the Zoho Creator form builder interface for a "Student Admission Enquiry" form. The top screenshot shows the "Date of Birth" field being configured, with a calendar picker open for September 2026. The bottom screenshot shows the "Gender" field being configured, with a radio button picker open for Male. Both screenshots show the "Basic Fields" palette on the left and the "Field Properties" panel on the right.

RESULT

Thus, the Student Admission Enquiry Form was successfully created using Zoho Creator with all 13 Basic Fields, required validations, and the Admission Enquiry Report for storing and reviewing student enquiries. The form can be used to collect student personal details, contact details, academic preferences, counselling availability, and consent in a structured manner.
